

# Room Aa's September Newsletter

Dear Parents and Families,

Welcome to Room Aa! We are thrilled to see both new and familiar faces in our classroom! Your child will be learning about a variety of themes and important skills this year in our room. We have tons of fun-filled activities planned for your children. Our curriculum this year will include beginning tracing, reading, letter and number recognition, Spanish, and art related theme projects. A big part of our day will include free play, dancing, singing, lacing, cutting, building shapes, and socializing with our new friends! Outdoor play will also be a part of our daily routine, as long as the weather permits.

Each week a new theme will be introduced in our room, as well as a weekly letter and number. The children will begin their math instruction with an introduction to shapes. We will pause to review letters and math concepts periodically and will continue to develop those skills throughout the year. We have included an overview of the first 4 weeks of school, and we will update you in future newsletters. Here are our themes for September: All About Me, Colors, Shapes, and Fall.

One week out of the year your child will be chosen to be the "Star Student." The star student will be asked to complete an "All About Me" poster and bring a favorite book to read to the class, as well as a list of their favorite YouTube videos to share.

**\*\* Mystery Bag\*\*** We ask that your child bring an item that starts with the letter of the week. Please fit the item into a brown lunch bag with your child's name on it. Please, no weapons.

Below are a few things to bring to be prepared:

- Bring a folder for homework, art projects, and other important papers, (we will be sending homework home on Fridays. Homework is due back at the beginning of the following week.)
- Bring in two family pictures.
- Backpack to keep belongings in on hook.
- Sports water bottle labeled.
- Extra clothes labeled

We look forward to a fun year!
