

Room Kk April Newsletter 2025

Dear Parents,

Everyone had fun during our St. Patrick's Day celebration. Unfortunately, we did not capture the leprechaun. However, everyone's leprechaun traps were really well done and creative. The children had a blast.

During the month of April, we will continue our Phonics and Reading and Language Arts unit with the next set of letters. The children are mastering their letter sounds and starting to sound out some words that see often. We are so proud of them. We will also continue fun activities such as mystery bags and practicing tracing and writing our letters.

In March, the children did a great job learning their shapes. This month, we will learn colors and patterns. We will learn primary and secondary colors. We will also learn what colors are made when we mix colors together. We will also study shape, color and number patterns.

We loved learning about animals in March. We enjoyed discovering amphibians, reptiles and mammals. This month, we will learn about different kinds of habitats. We will learn which animals live in water and which animals live on land.

The children have been enjoying using different art supplies to create different things with Ms. Melissa and Mr. Jacob. We love seeing all the creative work they have done!

A few reminders:

- Please have your child write his/her name on all homework assignments.
- We will be closed Friday, April 18, 2025 for Good Friday.

Happy Spring!
