

Room Aa's October Newsletter

Dear Parents and Families,

Hurray! We have made it through our first month of school! All the children are doing a fantastic job, learning the names of friends and adjusting to the classroom environment. We had so much fun learning about our shapes, letters Aa, Bb and Cc as well as the numbers 1, 2 and 3. Here is a recap for the month:

Art: Each child has traced shapes, the letters and numbers of the week. We also created crafts based on the letter or theme. We have used lots of paint, tissue paper collages, and so many more awesome art projects.

Language Arts: Students are learning to recognize and print the letter and number of the week on a whiteboard. This month we learned to recognize, trace, and write Aa, Bb and Cc.

Math/Science: We completed several hands-on activities during our introduction to colors and shapes, such as finding shapes around the classroom, tracing shapes, and drawing shapes. We began introducing numbers 1, 2 and 3 through our daily calendar lesson.

Motor skills: We are enhancing our fine motor skills and hand-eye coordination through tracing worksheets, painting, and drawing projects. We also started learning how to correctly hold a pair of scissors and writing utensils.

During group activities: We have learned a lot about our friends, like their favorite color, toys and so much more.

This month we will focus on:

October 5th – October 9th Theme: Dinosaur Week, Letter: Dd, and Number: 4.

October 12th – October 16th Theme: Eric Carle Week, Letter: Ee, and Number: 5.

October 19th – October 23rd Theme: Farm Week, Letter: Ff, and Number: 6.

October 26th – October 30th Theme: Halloween Week, Review of Letters A-F and Review of Numbers 1-6

Halloween:

October 30th will be our Halloween party.
More information to come soon.

Thank you!
