

Room Kk October Newsletter 2026

Dear Parents,

Everyone transitioned well into our classroom. We are learning the new routine and daily schedules. We all enjoy playing with our new friends in our new classroom.

The children have been doing a fantastic job learning to recognize and write their names. We have been working on properly holding a pencil. During the month of October, the children will learn letters Cc, Oo, Gg and Aa. We will enjoy many different activities with classwork and homework. In addition, we will do mystery bag with each letter. Some children are coming home with little readers to read with their families. Each little reader has a worksheet that goes with it. Keep the book as long as you need, when you return the book to school, Ms. Michelle will read it with your child and then a new book will be sent home.

The junior kindergarteners and kindergarteners have also been doing a great job reviewing patterns, shapes, colors, and numbers 1-20. The pre-kindergarten children have been doing fantastic in learning shapes and how to count objects up to 10. This month, our junior kindergarten and kindergarten children will learn how to add by counting the amount of pictures they see. Our pre-kindergarten children will learn the numbers 1-4. They will learn how to trace and write each number.

We had fun learning about our five senses in science. We learned what body part is in charge of which sense. This month, we will learn about outer space. We will learn about our solar system, our moon and the sun. We will also take a pretend field trip into outer space and to the moon.

We enjoyed learning about emotions in social studies. The children made emotional robots and shared them with the class. We also learned about wants and needs. This month, we will learn about community helpers and the important roles they play. We will also learn about Halloween and the many traditions that people have to celebrate this holiday. We will also practice saying "Trick or Treat" and saying thank you.

A few reminders:

- Please have your child write his/her name on all homework assignments.
- Our first review day will be Monday, October 12th. No new curriculum will be introduced.
- We will have our Halloween party on Friday, October 30th. Please have your children bring nonedible treats to pass out to their friends. More information will come home soon.

Happy Halloween!!!!
