

Room Aa Monthly Newsletter May 2025

Dear Room Aa Families,

Can you believe it's already May? The school year is winding down, but we have a month filled with exciting learning and discovery ahead of us! Get ready for explorations of healthy habits, the fascinating world of construction, the wonders of our five senses, and the adorable lives of baby animals.

This Month's Learning Adventures:

- **Healthy Habits:** we'll be talking about how to keep our bodies happy and healthy! Expect discussions and activities focused on:
 - Nutrition: Learning about yummy and nutritious foods.
 - Exercise: Exploring fun ways to move our bodies.
 - Hygiene: Practicing good hand washing and other important habits.
 - Rest: Understanding the importance of sleep for growing bodies and minds.
- **Construction Zone:** Get ready to build! we'll be diving into the world of construction, exploring different types of buildings, tools, and the amazing machines that help create them. Your little engineers will have opportunities for:
 - Building with blocks and other materials.
 - Learning about different construction vehicles.
 - Understanding the roles of people who work in construction.
- **our Amazing Five Senses:** we'll be engaging all our senses as we explore the world around us! Activities will include:
 - Sight: Observing colors, shapes, and textures.
 - Hearing: Identifying different sounds.
 - Smell: Discovering various scents.
 - Taste: Exploring different flavors (with appropriate safety and allergy considerations).
 - Touch: Feeling different textures and temperature
 - Precious Baby Animals: Springtime brings new life! we'll be learning about different baby animals and their mothers, exploring concepts like:
 - Animal families.
 - How baby animals grow and change.
 - The sounds baby animals make.

Important Dates:

- Monday, May 26th: School Closed for Memorial day
