

Room Kk March News 2023

Dear Parents,

Everyone had a blast during our 100th Day/Valentine's Day party! It was fun celebrating with all of our friends! Thank you to all the parent volunteers we had. We appreciated your help.

We have been doing a great job learning our letters, and reading our sight words during reading and language arts. In the month of March, we will be working on the letters Bb, Rr, Nn and Mm. We will also continue activities associated with these letters such as, bringing in mystery bags, dictionary and sight word pages.

We have enjoyed participating in our Daily 3 math and Daily 5 reading, and language arts groups. We have been able to read quietly to ourselves without interruptions for 16 minutes. Way to go!

During our math unit, we enjoyed working on our skip counting skills. We also had fun learning about tens and ones blocks. In March, we will continue skip counting and begin our unit on money. We will learn the value of a penny, a dime, a nickel, a quarter, a half dollar and a dollar.

It was a blast learning about natural resources in science. During the month of March, we will learn about different kinds of animals; what they eat, and how they move.

During social studies, we increased our knowledge about our presidents, including Abraham Lincoln and George Washington. This month, we will learn about maps. We will learn who uses maps and how to read maps.

Ms. Melissa has enjoyed teaching the children about different art styles. They have worked hard on their art projects.

A few reminders:

- Please have your child write their names on all assignments.
- Our St. Patrick's Day party will be on Friday, March 17th. If your child would like to share treats with his/her friends, please bring in non-edible treats. Thank you!

Happy St. Patrick's Day!

Ms. Michelle, Ms. Jill and Ms. Melissa
